The Santa Barbara County Taxpayers Association (SBCTA) is a non-partisan citizen's advocacy group committed to the cause of promoting lower taxes and cost-effective government. SBCTA is committed to studying public business, consistent with efficiency, progress and development in City, County, School and Special District affairs.

The Policy of the Association is to cooperate and work with the public officials in overcoming difficulties and solving their problems rather than to criticize them for honest mistakes. The Association shall make every effort to curb unnecessary or undesirable expenditures so that Santa Barbara County and the municipalities and districts therein will be able to maintain a balanced economy.
